

CLOSURE

When will closure begin, and how long will it last?

The property closed at 12:01 a.m. on Wednesday, March 18. The situation with COVID-19 is changing daily, and we will re-evaluate the reopening in real time based on the best interests of the community. Please check <https://legendscasino.com/legends-public-announcement/> for updates, and we look forward to welcoming you—our valued guests—back.

Will everything from the hotel to childcare to the event center close?

Yes, the casino, event center, hotel, childcare and food outlets are all closed. A limited number of employees and management will remain at the resort to secure and maintain the facility. If you have further questions please contact us via email at marketing@legendscasino.net, private message on Facebook, or other options with questions.

How will your team members be impacted?

We are communicating with our team members directly through this process. Our team members were paid during the closure from March 18 through April 8, and they moved to standby status on April 9 due to the extended closure period. Their health care programs will remain in place.

What happens to all of the food at the property during a closure like this?

We understand that our closure will have an impact on our team members and the community. On March 19, we donated multiple pallets of food to the Area Agency on Aging and Village of Hope to help them assist community members in need.
